EDUCATION

Korea Advanced Institute of Science and Technology (KAIST)

Grad: Feb 2024

MSc in Industrial Design (GPA: 93.10%)

Technical University of Delft (TU Delft)

Sep 2022 – Feb 2023

Exchange Student, Design for Interaction

Hongik University

Grad: Feb 2021

BASc in Interior Architecture (GPA: 94.70%)

Ranked 2nd in department

PUBLICATIONS

Beyond Swipes and Scores: Investigating Practices, Challenges and User-Centered Values in Online

Dating Algorithms

CSCW2024

Chowon Kang, Yoonseo Choi, Yongjae Sohn, Hyunseung Lim, Hwajung Hong

Proceedings of the ACM on Human-Computer Interaction, 8(CSCW2), Article 486, 2024. Full paper.

Korean Emoticons: Understanding How Subtle Emotional Differences Are Evoked Online

CSCW2022

Chowon Kang, Jong-Ok Hong, Wooje Chang, Hyeon-Jeong Suk, Hwajung Hong

CSCW 2022 Companion, pp. 121–125. Poster paper.

Driving with Algorithms Beyond Gig Work: Investigating How Algorithmic Management Affects Workers'

Practices in an On-Demand Ride-Pooling Service

DIS2025

Yongjae Sohn, Daehyun Kwak, Sehee Son, **Chowon Kang**, Youn-kyung Lim

ACM DIS 2025, pp. 2117–2129.

RESEARCH EXPERIENCE

HCI Researcher at DxD lab, KAIST

Sep 2021 – Feb 2024

Advisor: Prof. Hwajung Hong

Online Dating Algorithms

- Designed and conducted 22 interviews to examine how users perceive dating algorithms and respond to the pressures of self-presentation and evaluation.
- Developed design proposals for dating algorithms through co-design workshops with five groups, focusing on users' values, relationship goals, and personal growth.

Korean Emoticons

- Analyzed survey (N=86) and interview (N=10) data to examine how Korean emoticons convey emotional nuance in online communication.
-

PROFESSIONAL EXPERIENCE

Product Manager & UX Researcher at Proby AI Moderator Platform

Dec 2025 – Present

- **LLM Prompting & Workflow Design:** Designed workflows and prompts for automated research reporting including question-type classification, question-level report text, and synthesis of findings into study-wide executive summaries.
- **Research Platform Development:** Designed and implemented interfaces for conducting AI-moderated interviews. Added quantitative question types to screener and interview editors, and developed results analysis features including charts and cross-tabulation.
- **AI-Moderated Study Design:** Developed interview protocols that translate research objectives into study-specific checklists and conditional questions, guiding the AI moderator's follow-up probing.

UX Researcher at Hankook Research

Sep 2024 – Dec 2025

- Moderated in-person usability tests with IoT device users in the U.S. to identify usability issues and design opportunities.
- Managed and analyzed diary study data for 6 weeks to examine users' experiences with a smartwatch health app over time.

UX Researcher at RIDI (Internship)

April 2024 – Sep 2024

- Analyzed male users' platform usage and surveys responses to understand their needs and behaviors, informing strategies to attract male readers to a female-dominated platform

HONORS & AWARDS

Grand Prize, Wanwol-dong Alley Regeneration Design Competition

Sep 2020

Project: Wanwol-dong Red District Alley Regeneration

Academic Scholarships, Hongik University

2017 – 2020

Creation(2020, 2018), Cooperative(2019, 2018, 2017)

TEACHING EXPERIENCES

- **Information Design** (Instructor: Hwajung Hong, KAIST): Undergraduate course for data visualization; Teach basic Illustration; Feedback and support for brainstorming and ideation
- **Introduction to Design** (Instructor: Eunkyong Baek, KAIST): Feedback for group projects; QnA sessions
- **Photography Techniques** (Instructor: Hojun Ji, KAIST): Feedback on photography-based art projects

SKILLS

- **Research Methods:** In-depth interviews, diary studies, surveys, usability testing, co-design workshops.
- **Data Analysis Tools:** Python, SPSS.
- **Development & AI:** LLM prompting and workflow design; AI-assisted front-end development (HTML, CSS, JavaScript).
- **Design Tools:** Figma, Photoshop, Illustrator
- **Language:** Korean (native); English (TOEFL iBT: 5.5/6).
